## 15 SEER Packaged Heat Pump

### FEATURING...

- R-410A Environmentally Friendly Refrigerant
- Lifetime Compressor Limited Warranty
- 10 Year Parts Limited Warranty

## High-Efficiency and High-Performance Gives You Year-Round Comfort!

No matter the season, your family will enjoy the utmost in indoor comfort with your new Amana® brand APH15M - 15 SEER Packaged Heat Pump, our premier heat pump product. And with the energy savings and durability this packaged unit provides, that comfort will extend all the way to your pocketbook!

Your new Amana brand APH15M - 15 SEER Packaged Heat Pump combines the best of the Amana brand's furnace and condensing unit technologies, all in one self-contained "package." With its advanced design, the unit's cooling capacity reaches efficiencies up to 15 SEER, and the heating component provides efficiencies of up to 80% AFUE.

We're so confident in the quality of your Amana brand APH15M - 15 SEER Packaged Heat Pump that we cover its compressor with a Lifetime Limited Warranty.\* Not many companies will go to such lengths to reassure the buyer of the quality of their products. But few make a product close to the quality of the Amana brand APH15M - 15 SEER Packaged Heat Pump. When you want quality and durability, choose Amana because it lasts and lasts and lasts.

### Ultra-High-Efficiency Scroll Compressor

Delivering outstanding economy, your Amana brand APH15M - 15 SEER Packaged Heat Pump is built using an ultra-high-efficiency compressor. Thanks to its high-quality compressor, this unit cools efficiently, quietly and dependably for longer life.

### Ultra-Efficient Condensing Coil

Our coil design provides maximum efficiency in minimum space. Aluminum fins are bonded to enhanced copper tubing for more efficient heat transfer. All coils are leak-checked electronically and pressure-tested to assure reliability.

### Energy Efficiency

A packaged unit's cooling efficiency is indicated by its Seasonal Energy Efficiency Ratio (SEER), which is a measurement of a condensing unit's efficiency developed by the EPA. Your new Amana brand Packaged Heat Pump offers up to 15 SEER, one of the highest ratings in the industry. In fact, your Amana brand APH15M - 15 SEER Packaged Heat Pump meets the higher standard of the Environmental Protection Agency's (EPA's) Energy Star Program.

Your Amana brand APH15M - 15 SEER Packaged Heat Pump also can provide high-efficiency heating performance up to 8.2 HSPF (Heating Seasonal Performance Factor).

## R-410A Refrigerant

Your new Amana brand APH15M – 15 SEER Packaged Heat Pump will not only provide you with energy-saving cooling performance for many years, but it also features R-410A refrigerant. Since this refrigerant does not contain chlorine, it is more environmentally friendly than R-22 refrigerant, which is currently used in most air conditioning systems.

## Built to Last

Your space-efficient Amana brand APH15M - 15 SEER Packaged Heat Pump can be ground- or rooftop-mounted. Its cabinet is built using high-quality, heavy-gauge, zinc-coated steel with a weather-resistant powder-paint finish. A stamped steel louvered grille protects the condenser coil, and the unit's subtle color scheme complements nearly all exterior home environments.

## Warranty

We're so confident in the lasting power of your Amana brand APH15M - 15 SEER Packaged Heat Pump that we protect it with some of the best warranties in the industry. For the original, registered homeowner, we cover the compressor in this unit with a Lifetime Limited Warranty. All remaining parts are covered by a 10-Year Limited Warranty.\*

For added security, consider adding an Amana **Asure**<sup>SM</sup> Extended Service Plan, which provides coverage for parts and labor for your entire heating and cooling system.

## Major Features

- Up to 15 SEER cooling efficiency, Amana's most efficient packaged unit
- Environmentally-friendly R-410A Refrigerant

- Heating performance of up to 8.2 HSPF
- Lifetime Limited Warranty on the compressor for the original, registered homeowner

- 10-Year Limited Warranty on all other functional parts

- Ultra-high-efficiency scroll compressor
- Compressor Sound Blanket
- ECM Motor
- Attractive louvered cabinet/coil guard
- Quality, powder-paint finish resists fading and corrosion
- Fully insulated blower compartment for quiet operation

## Amana Quality

Americans have been relying on long-lasting Amana® brand products since 1934, when Amana, Iowa, native George Foerstner accepted the challenge of building a dependable beverage cooler. Since then, the Amana brand has enjoyed many firsts, including developing the first cold storage locker, being the first manufacturer to nationally market an upright freezer for home use, and introducing the first portable countertop microwave oven.

The residents of Amana, Iowa, began a long history of pioneering and craftsmanship, and that spirit continues today in the manufacturing of quality Amana Heating & Air Conditioning products. With the technology behind our patented Million-Air™ heat exchanger, we remain committed to Amana's legacy of providing consumers with heating and cooling products that are built to last and repeatedly recognized as the brand behind some of America's best HVAC products.

Look to your local Amana brand dealer to obtain expert advice about installation and service.
